Church of Christ Plans Open House

The Hamlin Church of Christ will open the six-day gospel meeting Sunday, August 16, with services at 10:40 a.m. and 6 p.m. Weekday services will be held at 10 a.m. and 7:30 p.m.

W. S. Boyett, minister of the South Main Street of Christ in Roswell, New Mexico, will be giving the messages.

Sunday afternoon August 16, from 2 to 5 p.m. the church is inviting everyone to attend the open house in the new \$100,000 church building completed in January this year.

The new plant includes the auditorium that will seat 430,

an overflow room that will seat an additional 250, a speaker equipped nursery, rest rooms, a kitchen and fellowship room, two offices, a baptistry, two dressing rooms and a large foyer.

The church was organized here in 1906 when the late Mr. R. D. Moore secured the services of T. W. Phillips Sr. to hold a meeting in a skating rink. The following year Mr. Moore erected a tabernacle in the north part of town which was later closed in for a meeting place. The congregation met here for several years.

The church was inactive for a time and then in 1918 under the leadership of Mr. and Mrs. H. D. Neff the group re-organized. Mr. Neff was superintendent of the public schools and Mrs. Neff was a music teacher.

The church leased the only available building at that time which was owned by the board of the First Christian Church. They later purchased the building and Batsell Baxter of Abilene Christian College came to work with them.

The church hired their first full time minister in 1921. In 1930, at an approximate cost of \$17,000 another building was erected on the same site, West Lake Drive at Southwest Ave. A. The church met in the high school auditorium until this structure was completed.

In 1960 plans were formulated to provide a more adequate meeting place. The property south of the church was purchased to provide space for the new building and ample parking space. Last year the preacher's home which was south of the church building was moved to 415 Northwest Avenue. F and work was begun on the new modern structure.

The building was ready for occupancy in January. The old building was torn down to provide large parking areas. The new structure has four entrances to give access to the parking areas. A carport at the rear of the building offers convenience in picking up and discharging members in bad weather.

Thomas E. Cudd has served as minister for nearly three years. Present officers are Eddie Jay, Harold Bonner, A. A. Wade, Loyd Burkhardt, elders; Horace Daniell, T. R. Tegart, R. D. Wade, Fred B. Moore Sr., and Alton Preston, deacons.

Youth Services Set At Foursquare Gospel Church

Special youth services are planned at the Foursquare Gospel church August 19-21. Two musical groups, one from Midland and one from Clyde, will be presenting special music for the three nights.

Each of these groups have been active in youth conferences, camps, and conventions. They are also active in radio broadcasting and recording. LP albums will be available each night.

Each group has just returned from a youth summer camp in Siloam Springs, Arkansas, where they were a tremendous hit. Young folks of the church will be leading the services each night.

The public is cordially invited to attend says the pastor, the Rev. Spencer L. Liles.

Aspermont Women To Teach Art Class

Enrollment is now underway for adult fall art sessions to be held in Aspermont beginning in September. The classes, two hour sessions weekly, will be taught by Mrs. Joe Rimes and Mrs. Horace Brock, former students of Maise Sirios of Abilene.

A complete course will be offered as is mentioned in advertising in this issue.

S. L. TATE
... to Odessa church

S. L. Tate Moving To Odessa as Minister of Ed.

S. L. Tate, music education director of the First Baptist Church since May, 1961, will be leaving the church after Sunday to become minister of education of the Sherwood Baptist Church in Odessa. He will be working with Rev. Lenard Hartley, former pastor of the local church.

Tate served as music director of the First Baptist Church in Evant; music education director at Goldthwaite and music education director of Emmanuel Baptist Church in San Angelo before coming to Hamlin three years ago.

Under his leadership the Hamlin church made advances in their youth program and the church attained a rating as a Standard Sunday School for two years. This year the church was the second in the state of Texas to receive the Advanced Standard Sunday School rating.

Five choirs are now meeting regularly as a result of Mr. Tate's guidance. The junior choir has been recognized as superior in the district for three years and received the same rating at the State Music Festival the past two years.

The youth choir was also recognized as superior and attended the state clinics the past two years.

He served as music director of the Jones County Association and also associational Sunday School Superintendent.

Locally he was an officer of the Rotary Club and was active in a quartet which appeared at civic functions.

His wife, Carol, was active in church and club work. She worked in the W. M. U. and Hamlin Garden Club and the Woman's Literary Club.

The Tates have a three-year-old daughter, Amy.

A reception will be held following evening services Sunday honoring the family.

They will be moving about August 18.

Amburn Expands Services Offered

J. C. Amburn, local refrigeration serviceman, is announcing this week the expansion of his operations to include electrical service.

Mr. and Mrs. Amburn have two daughters, Brenda Fay, 7, and Mary Olivia, 9. The family has recently moved from South Central to Southwest Avenue A.

Return from Cruise

Mrs. John E. Day, Miss Winnie Day, Mrs. Harwood Marshall, Mrs. Louise Day Smith and Miss Anne Louise Smith recently returned from a cruise aboard the completely air-conditioned S. S. BAHAMA STAR to near-by Nassau from Miami, Fla.

The ship docked right at Bay Street in Nassau.

SEASON FOOTBALL TICKETS TO GO ON SALE WEDNESDAY

Reserve seat tickets for the Tied Piper Football team's home games will go on sale here Wednesday, Aug. 19, according to B. V. Newberry, principal.

The tickets will be on sale at the high school and will sell for \$5.00 for five games. This is a saving of \$1.25 over the regular price.

Holders of season tickets last year will be given the opportunity to purchase the same tickets again this year up until Aug. 26, at which time these tickets will go on sale to the public on a first come first serve basis. Because of a change in the seating arrangement at the stadium which was brought on by the new stands being added to the east side of the field, some blocks of tickets will have to be moved one way or the other to make room for an aisle, according to Newberry.

The Pipers will be playing in District 5-AA this year rather than District 6-AA as last year. This district is made up of the same teams as last year with Colorado City added. The other teams in the district are Stamford, Ballinger, Haskell,

PHILOSOPHER FEARS SUPREME COURT, IF IT HEARS OF IT, MAY REDISTRICT FARM PROBLEM

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 has discovered a new problem to worry about, his letter this week indicates.

Dear editor:
According to an article I read last night, the average farmer is now producing enough to feed 31 other people.

Fifty years ago he was lucky to feed himself and maybe two others, but as the population of towns and cities increased and the population of the farms decreased, coupled with the masterful production ability of us farmers, the number of non-farmers depending on us to feed them has continued to mount, and the figure now stands at 31, and it may go still higher.

Now I have been thinking about this and while it's pleasant to admit we're doing such a fine job, still there are dangers involved.

Winters and Anson. The district numbers are changed to change up the playoff brackets.

The Pipers ten game schedule is as follows:
Sept. 4, Rotan, here.
Sept. 11, Olney, there.
Sept. 19, Post, homecoming.
Sept. 25, open.
Oct. 2, Stamford, there.
Oct. 9, Ballinger, here.
Oct. 16, Cisco, there.
Oct. 23, Haskell, there.
Oct. 30, Colorado City, there.
Nov. 6, Winters, here.
Nov. 13, Anson, here.

Pre-Registration For High School Set Aug. 17, 18

Pre-registration for students in Hamlin High School will be held Monday and Tuesday, Aug. 17 and 18, according to B. V. Newberry, principal.

Seniors will register from 9 to 11 a.m. Monday. Juniors will be pre-registered from 1 to 3 p.m. that day.

On Tuesday the sophomores will pre-register from 9 to 11 a.m. and the freshmen from 1 to 3 p.m.

At the junior high school, Principal Marvin Carlton has announced the following schedule for pre-registration: Monday, Aug. 24, 9 a.m., seventh and eighth grade students; 10:30 a.m., sixth grade students.

Pupils are asked to bring their report cards and book cards from last year. They will be registered and will receive textbooks at this time.

School opens here August 31.

Mrs. Jones Wins Special Riding Club Event Sat.

Sandra Jones won the potato race, the special event for married women Saturday night, with a time of 18.8 seconds. Mary McIlwain was second with 24.8 seconds and Pat Feagan was third with 26.8 at the Hamlin Riding Club's Family Play Night at the local arena.

The boot scramble, the special event for teen agers, was won by Lanny Foster, John Holland and Steve Gibson were second and third.

John Holland won the musical chair contest on horseback.

Other winners at the Family Night were:

Stick horse race — Jeanie Gruben, Guy Turner, Genny Lou McIlwain.

Flag race — (6-9) Danny Woods, Randy Elmore, Lanny Woods; (10-13) Steve Gibson, Debbie Elmore, Charlie Bishop; (14-70) Mary McIlwain, Judy Jenkins, Beverly Gibson.

Ribbon roping — Billy and Mary McIlwain, Roy and Nancy Thompson, Bennie Carroll and Cathy Fininis.

Calf roping — Lanny Foster, Billy McIlwain, John Holland.

Steer riding — (6-9) Danny McIlwain; (10-13) Jerry Brown, Brit Thompson, Joe Cooper; (14-70) Wayne Gruben, Jeanette Brown.

But here's the thing that worries me. What is the Supreme Court hears about this and comes out with a ruling that it's unfair and unconstitutional for one farmer to have to feed 500 while others feed only one or two?

You think there's any possibility of the Court's re-districting the farming problem and requiring me to feed 31 others?

I need to know this, as I am making my 1965 farming plans now. Also, the 31 others counting on me need to know even worse, so they can get their garden plots plowed and their belts tightened.

Yours faithfully,
J. A.

Judy Liles Wins Ark. Camp Trip

Judy Liles, daughter of Rev. and Mrs. Spencer Liles and sophomore in Hamlin High School, won a trip to summer camp in Siloam Springs, Ark., July 24-31. She was competing with youth from twelve other Foursquare churches in the Wichita Valley Division.

Oil Mill Resumes Operation Under New Management

The Plains Co-operative Oil Mill of Lubbock has taken over the operation of the Mid-West Cooperative Oil Mill and will operate it as the Plains Co-operative Oil Mill, Hamlin Division, according to Jerry Williams, who has been named manager. The mill went back into operation here Friday, August 7, after shutting down March 15.

The Houston Bank of Co-operatives of Houston took over the local facilities when they foreclosed on the co-operative July 7. The Plains Co-operative is leasing the facilities from the bank.

Williams said that the same gins that were members of the Mid West Cooperative will be members of the Hamlin Division and each member will elect a director to the local board. Patronage refunds will be allocated to the member gins from this mill with none of the profits going into the Plains Co-operative.

It will be five to six weeks before the mill will be in operation here because of needed repairs to the facilities but the unloading and storage operations are ready to take seed now and the first load is expected sometime next week, according to Williams.

Williams, who has been employed by James E. Rodgers, local Certified Public Accountant, for the past two and one-half years, is a former employee of the Mid West Cooperative Oil Mill and of the Plains Co-operative in Lubbock. He worked for the local mill for two years and the Lubbock mill for five years.

E. E. West who has been superintendent of the local mill for the past four years will continue in that capacity in the new organization. He came from Oklahoma where he was superintendent of the Chickasaw Oil Mill for 14 years.

Williams said the Oil Mill Guest Cabin will be available to groups and individuals as it has in the past and that both the Rotary Club and the Lions Club will resume meeting at the Cabin the first week in September. The two service clubs have been meeting in the High School Cafeteria for the past month.

The mill has a large variety of Cottonseed Feeds in stock now for the former customers of the Mid West Co-operative, according to Williams.

SAFE AND SECURE

How confidently he sleeps. Mother and Daddy are in the next room. Teddy Bear is right beside him.

We, also, desire a feeling of confident security. We want to do good and live with honor in this life, free of the fear of falling into sin. God wants this for us, too. And He sees and knows how hard we try.

In the New Testament, Jude writes, "God is able to keep you from falling, and to present you faultless before the presence of His glory with exceeding joy."

Pledge yourself to Him and attend church this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, Tex. — Texas' progress in the field of race relations was commended by visiting federal officials here to discuss aspects of the new Civil Rights Law.

Gov. John Connally met briefly with Secretary of Commerce Luther Hodges; former Florida Gov. LeRoy Collins, director of the new Community Relations Service; and former Gov. Buford Ellington of Tennessee.

Session was one of a series to be conducted with governors in all states at the request of President Johnson to discuss the Community Relations Service operation. Agency will provide conciliation service at the state and local level to resolve discrimination disputes.

Governor Connally predicted Texas will continue to move forward without outside help.

Meanwhile, Texas School Boards Association warned that action on the part of segregated school between now and Labor Day may determine their continued eligibility for federal funds.

According to Department of Health, Education and Welfare officials on the Civil Rights Law, all the answers won't be known until new regulations are drawn late this month.

But the law has been interpreted as banning federal aid to segregated facilities.

Texas schools now get about \$30,000,000 a year in federal money for such programs as the national defense education act, vocational education, school lunch and milk program and aid to districts where federal installations bring in a large number of pupils.

HEW personnel indicate "tentative procedures for enforcement of Title VI (of the Civil Rights Law) will require assurance from local school boards of compliance or intention to comply before federal funds will be awarded."

APPOINTMENTS ANNOUNCED — Governor Connally selected Pat Taggart of Waco, president of Newspapers, Inc., as a member of Texas State Historical Survey Committee to succeed Sam Pruitt of Childress for an unexpired term until January 1.

New members of the State Board of Vocational Nurse Examiners are Miss Hedwig Pusjovsky of Houston, Mrs. Jimmie L. Morrison of Hico and Mrs. Naomi Younger of Levelland. Their terms extend until September 7, 1969.

Dr. J. A. Barrington of Wichita Falls and Dr. Claude Willey of El Paso were named to six-year terms on the State Board of Veterinary Medical Examiners. They succeed Dr. John McCoy of Paris and Dr. Edward Dwele of Alice.

Kirby Hillin of Dallas and Virgil A. Walston of Houston succeed W. J. Burkhart of Dallas and Kenneth Nelson of Dill to six-year terms on the State Board of Registration for Public Surveyors.

Allen Searight, community coordinators for Texas Industrial Commission, has accepted a job as executive director of Texas Historical Foundation. Larry Milner, San Angelo, will take over Searight's duties with the Industrial Commission on August 15.

LOBBYISTS — Texas legislative leaders, who have been the target of many lobbyists, have turned lobbyists themselves.

LT. Gov. Preston Smith, Speaker Byron Tunnell and Sen. George Moffett, chairman of the Legislative Council's redistricting committee, have been lobbying in Washington for passage of federal laws to clarify the congressional and legislative redistricting situation.

Moffett wants Congress to say that a state may have as much as 15 per cent variation from the average population in its Congressional districts. He

and Smith also spoke in favor of the proposed amendment to the U. S. Constitution which would allow the states to set up one house of their legislatures on a basis other than population.

ATTORNEY GENERAL OPINIONS — Atty. Gen. Waggoner Carr has ruled that:

A county commissioners court may decide whether or not it shall appoint county hospital managers with overlapping terms;

A county attorney has the duty of filing suits for foreclosure of the State's lien for delinquent inheritance taxes;

District courts in that county have jurisdiction of these suits even in those instances in which property formerly belonging to a decedent is not within the county, so long as it is within the jurisdiction of this state.

Singing Sunday

The Jones-Fisher County Singing will be Sunday, Aug. 16, at the Foursquare Church beginning at 2:00 p.m.

They are expecting a lot of good singers and everyone is invited to come.

When the days are hot you probably use more electricity

Certainly you do, that's because your air conditioning system is working harder, your refrigerator is working harder and all of your other electric appliances are performing tasks which, without them, you would have to do. Let's face it---there's no substitute for all the comfort and convenience that electricity can give. Besides, the average WTU residential customer is paying an average of 17% less per KWH than in 1953---isn't that a happy thought?

Electricity costs so little you can use lots of it.

Noodle Girls Win Blue Ribbons at District Dress Revue

By Mrs. Mary Y. Newberry
Jones Co. Home Demonstration Agent

Janice Hill, Jones County 4-H Club girl of the Noodle 4-H Club was awarded a blue ribbon in the senior division of the District III Dress Revue at Vernon on Friday, Aug. 7 at Wilbarger Memorial Auditorium. Janice is the daughter of Mr. and Mrs. S. D. Hill of Sylvester. Eddie Arms, 4-H Club boy of Noodle served as her escort.

Karen Sullivan of Noodle was also awarded a blue ribbon on her two piece dress. She is the daughter of Mr. and Mrs. Hubert Sullivan of Noodle.

The girls were accompanied by their mothers, Eddie Arms and the Home Demonstration Agent, Mrs. May Y. Newberry of Hamlin.

FROZEN FISH
Frozen fish needn't be thawed before cooking — just allow a few extra minutes of cooking time, says Mrs. Mary Y. Newberry, Jones County Home Demonstration Agent.

However, when fish are to be either breaded or fried, or stuffed, you will find it more convenient to thaw them first to make handling easier. Thaw frozen fish in the refrigerator in their original wrappings.

Cook thawed fish immediately for best quality. Be sure you do not overcook it. Cook fish just until it flakes easily with a fork.

NO MORE PLATES AND WEIGHTS

Here is a modern tip for making old-fashioned sauerkraut. There are some women

who still like to make their own sauerkraut.

When making sauerkraut, use a plastic bag filled with water as a cover for the cabbage during fermentation.

The bag, which should be made of heavyweight, watertight plastic intended for use with foods, will fit snugly against the cabbage and against the sides of the container. The bag of water can be closed securely with a string. It does the same thing as the plate and rock Grandma used to use. It seals the surface from exposure to air and prevents the growth of film yeast and mold. It also serves as a weight to keep the cabbage submerged in the brine.

FREEZER FACTS

Where you put your freezer makes a difference in how well it operates, how convenient it is, and how much it costs to run it.

The most logical place for a freezer is the kitchen, utility room, porch or basement. But are these always the best places?

According to Mrs. Mary Y. Newberry, Jones County Home Demonstration agent, a freezer should be located in a cool, dry, well ventilated area out of direct sunlight.

It should never be placed where the temperature falls below 40 degrees F. Or, in a room that is especially hot in the summer or heavily heated in winter. Too hot a spot can add 15 per cent to the cost of operating the freezer.

Also, Mrs. Newberry warns against placing a freezer in a niche in the wall or in a place with cabinets on three sides. There must be ample space at the back, top and sides so air can circulate around the cabinet, she says. Circulation is necessary for the escape of heat given off by the condenser.

A dry basement is a good place for a freezer. But in a damp basement — even if there is no flooding the dampness may harm the motor or cause the cabinet to sweat and the doors or lid to stick.

TEXAS TOURIST BUSINESS IS BRISK, SHOWING INCREASE

AUSTIN, Tex. — Business is brisk at tourist attractions across the state, a mid-year survey by the Texas Tourist Development Agency has disclosed. And it is expected to get even better during the last half of the year when most Americans vacation.

Attendance records for the first six months of 1964 show an increase of 15 percent over the same period last year.

A breakdown of the figures reveals that, although Texans themselves still account for most of the business, an increasing number of out-of-state visitors are discovering the state's appeal.

In fact, gains ranging from three to eight per cent in non-Texas business were reported. At least one said more than half its customers are now coming from other states.

Included in the study were 16 attractions, among them six state parks selected for their geographic distribution across the state.

Together they reported serving 10,123,359 persons, an increase of 1,518,503 in comparison with the first half of 1963. Largest single increase was reported at Lake Tawakoni by the Sabine River Authority. That northeast Texas attraction, still relatively new, drew 1,040,000 during the first half of the year — an increase of 77 per cent over the same period last year.

In contrast, giant Lake Texoma on the Texas-Oklahoma border, grew only .02 per cent in attendance during the same period. But it still attracted 3,396,100 visitors, said the U. S. Corps of Engineers, to lead the list in total numbers.

"Business is better too this summer, particularly in regard to gross dollars", said the Lake Texoma Association. Among the leaders was Six Flags Over Texas, the theme park between Dallas and Fort Worth, with a six-month attendance of 1,035,102. The increase was 25 per cent above last year.

Six Flags also reported an 8 per cent gain in out-of-state visitors. Officials noted that non-Texans accounted for 30 percent of total business in the state.

General theme will be "The American Woman — Her Changing Image". Principal speaker will be Director John E. Hutchison of the Agricultural Extension Service at Texas A and M University. His subject will be "The Leadership of Women in Citizenship Areas".

An election of officers is slated. To be named for two-year terms are a president, vice president, secretary and treasurer. They will be installed during a banquet ceremony the final night.

Workshop sessions are planned by the standing committee of THDA. These are in the fields of health and safety, civil defense, citizenship, recreation, 4-H Club work and family life.

A new program of work for the 32,000-member organization also is slated for discussion and adoption.

Home demonstration work, increasingly called home economics Extension work in many states, is an adult education program in better homemaking.

A. Haynes of the Willow Creek Club will be attending the 39th annual meeting of the Texas Home Demonstration Association on Sept. 16 and 17 in Houston.

More than 800 key home demonstration leaders of the state are expected to register for the meeting at the Rice Hotel, according to Mrs. Mary Y. Newberry, Jones County Home Demonstration Agent.

General theme will be "The American Woman — Her Changing Image".

Principal speaker will be Director John E. Hutchison of the Agricultural Extension Service at Texas A and M University. His subject will be "The Leadership of Women in Citizenship Areas".

tremendously now that we are entering our peak season."

Up sharply too was the Buckhorn Hall of Horns at the Lone Star Brewery in San Antonio. It recorded a 21 per cent increase for the first half-year, hosting 249,838 visitors.

The Caverns of Sonora between Sonora and Ozone counted some 30,000 visitors for a 20 per cent increase.

San Marcos' Aquarena played host to 260,000 visitors, up nearly 16 per cent. Officials there estimated 20 per cent of their guests are non-Texans.

THE PEACE CORPS: Ambassadors in Shirt Sleeves

The Peace Corps means many things to many people. To a starving boy in Peru, it is the American who is helping his father grow more corn. To the girl in the Ivory Coast, it is the teacher who has come from across the ocean to teach her the proper use of English. And to an adolescent youth in the Philippines, the Peace Corps means simply the agriculturist who spends his spare time coaching the baseball team.

Peru, Ivory Coast, the Philippines—there is one similarity: the Peace Corps is always thought of in personal terms. That's because the Peace Corps is a person-to-person program. It is also a volunteer organization. These are two of the distinguishing features of the Peace Corps.

Being a Peace Corps Volunteer is not an easy job. Selection standards are very high, the work is hard, the "pay" is low and living conditions are often difficult.

Today, though, over 7,000 Americans—men and women, young and old—are living in 45 countries, teaching, aiding in community development, helping to build schools, bridges and roads, and participating in hundreds of other self-help programs.

Much more important than the construction of physical projects is the "can-do" attitude they are projecting to the people with whom they work. They are succeeding, changing generations-old attitudes. But the new ways come slowly, sometimes imperceptibly.

Peace Corps Volunteers are doing vital work in the developing nations of the world. As they do their jobs, they present a new concept of America to their co-workers and their neighbors. And, they are helping others while participating in a continuing educational experience that will be meaningful for the rest of their lives.

The Volunteers are sometimes accused of being idealists. So they are. But they are idealists with abilities and a will to put their ideas to work. They are idealists who are willing and eager to work—and live—on equal terms with peoples of all races, creeds and cultures.

That's what the Peace Corps is.

NURSING: Peace Corps nurses are helping in understaffed hospitals and clinics, promoting health education and giving instructions in hygiene, sanitation, nutrition, home nursing, care during pregnancy and post-natal care. Here, Theresa Riche, 25, of Hollis, N. Y., tends a patient at a hospital in Rio de Janeiro.

TRAVEL TALK—

SEE PARIS IN THE SPRING, OR ANY TIME, BUT SEE IT!

By Hulin Fowler

Editor's note: Write to Mr. Fowler in care of this newspaper for answers to your travel questions.

There is a saying that everyone has two countries his own and France.

Paris occupies a special spot in the heart of every visitor. It never changes yet it is ever-changing. You see one Paris in the day, and you get an entirely new concept of it at night. Talk to someone who has been to Paris and you will see a look of pure nostalgia come onto his face as he reminisces about that glorious city.

What is there about Paris? A thousand books could not describe it.

Paris is a stroll through one of the magnificent parks that dot the city or along one of the tree-lined boulevards. Paris is a animated discussion at one of the science sidewalk cafes that are so typical of this ancient Gallic city of kings, royal gaiety and scene of the rise and fall of empires.

On a typical day in Paris you may want to rise early to eat in your room or at a nearby restaurant before seeing the sights. Your breakfast may be "continental" consisting of hot "café au lait" (half hot milk and coffee) and croissants with butter and marmalade.

You will stroll out onto a street already humming with the early morning traffic and hail a passing cab. The ride may be breath-taking in the heavy traffic and your driver may have some words to exchange with another cabbie who brushes past. But French cabbies are good drivers, and he will deliver you safe and sound to your destination—the Eiffel Tower.

A visit to the "Tour Eiffel" will give the visitors a sweeping view of Paris, the meandering river Seine, the astounding boulevards, the parks which dot the city with green islands and in the distance a historic site that you will want to see close-up, the Basilica of the "Sacre Coeur", on top of the Butte Montmartre. You will see also, on an island in the center of the Seine, the medieval cathedral of Notre Dame which took over

FAIRVIEW NEWS

Revival services began Friday night in our church, with Rev. Frank Codington, pastor of Neinda Baptist Church, doing the preaching. Rev. Leverett leading the song services, Linda Goodwin at the piano. So far the good attendance has exceeded our expectations, owing to the fact that the Neinda church had no preaching services Sunday and many of them came to hear their pastor. Since Sunday was the date for the Wilemon reunion and Rev. Codington reported that thirty two people from the church were involved in it, they did not have a supply preacher, those left just came over to Fairview to visit. Was a good sight to see our house even partially filled once more, we urge all visitors to come be with us in our revival.

The weather picture is the same, very hot and very dry, and when we say hot, we mean hot, the sizzling kind. This writer spent the day down Breckenridge way, last Thursday, where we learned later the temperature reached 111 degrees, that was nearly equal to Death Valley in California.

By MRS. ELMER JOINER

Mr. and Mrs. Doug Ford and little son, Kyle, have been visiting with his parents, Mr. and Mrs. Joe Ford. They live in Truth or Consequences, New Mexico.

Dorothy Gray returned home again last week end to bring Bruce and Barry Johnson to their grandparents, the Winsons Grays and M. G. Johnsons, where they will spend the next three weeks, while their parents are on their vacation out California way.

Mr. and Mrs. T. E. Dixon, Carlsbad, New Mexico, spent Saturday night with his sister, Mr. and Mrs. Elmer Joiner. The Dixons came to attend the Hudson reunion, held in the Cobb Park, in Abilene.

Mr. and Mrs. Winson Gray went to Anson Friday, where his father E. C. Gray, had surgery that morning, in the Anson General Hospital. He is reported to be recovering very nicely.

Rev. and Mrs. Frank Codington ate lunch with the Fred Rosenbaums Sunday. Afternoon visitors were Mr. and Mrs. H. L. Ford, Spencer and Diane.

We are sorry to report that Mrs. J. E. Bagley, grand mother of Mrs. Leverett, is in the Abilene Hospital, very ill.

Mr. and Mrs. Joe Ford, Mr. and Mrs. H. L. Ford, Nancy, Spencer, Diane and Charles Pearce, Mr. and Mrs. Fred Rosenbaum, Mr. and Mrs. Winson Gray, all went to the Brownwood Lake, last Tuesday and returned Wednesday. They had a good outing, even though we failed to hear them bragging about the fish they caught. If Rev. Leverett calls you

and invites you to the revival, then forgets you, don't be surprised. That happened Saturday night, to him. He was leading a song and he stepped down in the audience and whispered to his wife, who took off in a hurry. After the song was over he explained that he had called Mrs. Raleigh Bond, saying they would be by in a few minutes for her, and in the song service he remembered that they had forgotten. The little daughters being dumped so hurriedly they thought mama had abandoned them, so Kristy studied about it a while and started crying. Kimmy across the way, started crying in sympathy with her, so we all had quite a bit of fun over the incident, but Rev. Leverett says he has written down all those he has promised to pick up and attached it to his Bible. A few laughs as you go along, are the spice of life, if it is a little embarrassing on those involved, sometimes.

Mrs. Elmer Joiner spent last Friday morning with Mrs. Lois Hampton, in the Abilene Hospital. Mrs. Hampton was able to be up in a wheel chair, for a little ride down the hall.

It has been learned this Monday morning that Mrs. Hampton was transferred Saturday afternoon from Hendrick Hospital to a nursing home, situated south of Abilene, on the Ballinger highway. Her general condition has improved but owing to the result of the stroke, for the present time, she will require constant nursing care.

Mrs. A. S. McKneely of Longview is here visiting her sister and family, Mr. and Mrs. Bob Tegart. She is also visiting her mother, Mrs. S. H. Shook.

Call your news to the Herald.

Mrs. Travis Bell left Monday, August 3, to visit her son and his family, the Billy Bell's, at Sparks, Nevada.

A group of relatives and friends visited in the home of Mr. and Mrs. W. G. Wienke last Sunday to honor Mrs. Wienke on her 86th birthday. Those calling were Mr. and Mrs. Ben Klump, Mr. and Mrs. Herbert Klump, Mr. and Mrs. G. F. Spitzer and Weldon, Mrs. Adele Dudsing, Mrs. Katie Gerloff, Mrs. Tille Dippel and Judy White, all of Old Glory, and Rev. and Mrs. Fred Scheffel, Mr. and Mrs. August Balzer, and Mr. and Mrs. Will Stegmaeller all of Sagertin.

Young people from here who attended the Lutheran Camp Chrysalis at Kerrville last week were Nancy and Marvin Vahlenkamp, Mike Baldree, Linda and Clifford Gholson.

While at the Camp Nancy Vahlenkamp was stung by a wasp and was hospitalized in Kerrville. Her parents, Mr. and Mrs. Herbert Vahlenkamp went after her on Monday.

The Old Glory Girls 4-H Club met on Tuesday, July 21, at the School Cafeteria. The group made plans for a meeting to elect officers for next year and Carolyn Sander, club president, reminded members that August 12 was the date record books were due.

Regina Letz gave a very timely demonstration on meal planning and told the group how to dress up their dishes to tempt appetites in hot weather.

S. L. TATE
... to Odessa church

S. L. Tate Moving To Odessa as Minister of Ed.

S. L. Tate, music-education director of the First Baptist Church since May, 1961, will be leaving the church after Sunday to become minister of education of the Sherwood Baptist Church in Odessa. He will be working with Rev. Lenard Hartley, former pastor of the local church.

Tate served as music director of the First Baptist Church in Evans; music education director at Goldthwaite and music education director of Emmanuel Baptist Church in San Angelo before coming to Hamlin three years ago.

Under his leadership the Hamlin church made advances in their youth program and the church attained a rating as a Standard Sunday School for two years. This year the church was the second in the state of Texas to receive the Advanced Standard Sunday School rating.

Five choirs are now meeting regularly as a result of Mr. Tate's guidance. The junior choir has been recognized as superior in the district for three years and received the same rating at the State Music Festival the past two years.

The youth choir was also recognized as superior and attended the state clinics the past two years.

He served as music director of the Jones County Association and also as an official of the Sunday School Superintendents.

Locally he was an officer of the Rotary Club and was active in a quartet which appeared at civic functions.

His wife, Carol, was active in church and club work. She worked in the W. M. U. and Hamlin Garden Club and the Woman's Literary Club.

The Tates have a three-year-old daughter, Amy.

A reception will be held following evening services Sunday honoring the family.

They will be moving about August 18.

SEASON FOOTBALL TICKETS TO GO ON SALE WEDNESDAY

Reserve seat tickets for the 1964 Piper Football team's home games will go on sale here Wednesday, Aug. 19, according to B. V. Newberry, principal.

The tickets will be on sale at the high school and will sell for \$5.00 for five games. This is a saving of \$1.25 over the regular price.

Holders of season tickets last year will be given the opportunity to purchase the same tickets again this year up until Aug. 26, at which time these tickets will go on sale to the public on a first come first serve basis. Because of a change in the seating arrangement at the stadium which was brought on by the new stands being added to the east side of the field, some blocks of tickets will have to be moved one way or the other to make room for an aisle, according to Newberry.

The Pipers will be playing in District 5-AA this year rather than District 6-AA as last year. This district is made up of the same teams as last year with Colorado City added. The other teams in the district are Stamford, Ballinger, Haskell, Winters and Anson. The district numbers are changed to change up the playoff brackets.

The Pipers ten game schedule is as follows:
Sept. 4, Rotan, here.
Sept. 11, Olney, there.
Sept. 19, Post, homecoming.
Sept. 23, open.
Oct. 2, Stamford, there.
Oct. 9, Ballinger, here.
Oct. 16, Cisco, there.
Oct. 23, Haskell, there.
Oct. 30, Colorado City, there.
Nov. 6, Winters, here.
Nov. 13, Anson, here.

PHILOSOPHER FEARS SUPREME COURT, IF IT HEARS OF IT, MAY REDISTRICT FARM PROBLEM

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 has discovered a new problem to worry about, his letter this week indicates.

Dear editor:
According to an article I read last night, the average farmer is now producing enough to feed 31 other people.

Fifty years ago he was lucky to feed himself and maybe two others, but as the population of towns and cities increased and the population of the farms decreased, couples with the masterful production ability of us farmers, the number of non-farmers depending on us to feed them has continued to mount, and the figure now stands at 31, and it may go still higher.

Now I have been thinking about this and while it's pleasant to admit we're doing such a fine job, still there are dangers involved.

For example, when they take the average farmer, that takes in a lot of different sized operators. Frankly, if there are 31 people in town depending on me to feed them, they're in for a hard winter and a poorer spring. In fact, I don't see how they've made it this far.

What happens of course is that some farmers are producing enough to feed 100 or more, maybe 500 or more, while others, like me, recognizing a surplus when they see one, figure if they take care of themselves and three or four laying hens they've had a good year.

But here's the thing that worries me. What is the Supreme Court hears about this and comes out with a ruling that it's unfair and un-Constitutional for one farmer to have to feed 500 while others feed only one or two?

You think there's any possibility of the Court's re-districting the farming problem and requiring me to feed 31 others?

I need to know this, as I am making my 1965 farming plans now. Also, the 31 others counting on me need to know even worse, so they can get their garden plots plowed and their belts tightened.

Yours faithfully,
J. A.

Oil Mill Resumes Operation Under New Management

The Plains Co-operative Oil Mill of Lubbock has taken over the operation of the Mid-West Cooperative Oil Mill and will operate it as the Plains Co-operative Oil Mill, Hamlin Division, according to Jerry Williams, who has been named manager. The mill went back into operation here Friday, August 7, after shutting down March 15.

The Houston Bank of Co-operatives of Houston took over the local facilities when they foreclosed on the co-operative July 7. The Plains Co-operative is leasing the facilities from the bank.

Williams said that the same gins that were members of the Mid West Cooperative will be members of the Hamlin Division and each member will elect a director to the local board. Patronage refunds will be allocated to the member gins from this mill with none of the profits going into the Plains Co-operative.

It will be five to six weeks before the mill will be in operation here because of needed repairs to the facilities but the unloading and storage operations are ready to take seed now and the first load is expected sometime next week, according to Williams.

Williams, who has been employed by James E. Rodgers, local Certified Public Accountant, for the past two and one-half years, is a former employee of the Mid West Cooperative Oil Mill and of the Plains Co-operative in Lubbock. He worked for the local mill for two years and the Lubbock mill for five years.

E. E. West who has been superintendent of the local mill for the past four years will continue in that capacity in the new organization. He came from Oklahoma where he was superintendent of the Chickasaw Oil Mill for 14 years.

Williams said the Oil Mill Guest Cabin will be available to groups and individuals as it has in the past and that both the Rotary Club and the Lions Club will resume meeting at the Cabin the first week in September. The two service clubs have been meeting in the High School Cafeteria for the past month.

The mill has a large variety of Cottonseed Feeds in stock now for the former customers of the Mid West Co-operative, according to Williams.

SAFE AND SECURE

How confidently he sleeps. Mother and Daddy are in the next room. Teddy Bear is right beside him.

We, also, desire a feeling of confident security. We want to do good and live with honor in this life, free of the fear of falling into sin. God wants this for us, too. And He sees and knows how hard we try.

In the New Testament, Jude writes, "God is able to keep you from falling, and to present you faultless before the presence of His glory with exceeding joy."

Pledge yourself to Him and attend church this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will -- him free to live as a child of God.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, Tex. — Texas' progress in the field of race relations was commended by visiting federal officials here to discuss aspects of the new Civil Rights Law.

Gov. John Connally met briefly with Secretary of Commerce Luther Hodges; former Florida Gov. LeRoy Collins, director of the new Community Relations Service; and former Gov. Buford Ellington of Tennessee.

Session was one of a series to be conducted with governors in all states at the request of President Johnson to discuss the Community Relations Service operation. Agency will provide conciliation service at the state and local level to resolve discrimination disputes.

Governor Connally predicted Texas will continue to move forward without outside help.

Meanwhile, Texas School Boards Association warned that action on the part of segregated school between now and Labor Day may determine their continued eligibility for federal funds.

According to Department of Health, Education and Welfare officials on the Civil Rights Law, all the answers won't be known until new regulations are drawn late this month.

But the law has been interpreted as banning federal aid to segregated facilities.

Texas schools now get about \$30,000,000 a year in federal money for such programs as the national defense education act, vocational education, school lunch and milk program and aid to districts where federal installations bring in a large number of pupils.

HEW personnel indicate tentative procedures for enforcement of Title VI (of the Civil Rights Law) will require assurance from local school boards of compliance or intention to comply before federal funds will be awarded.

APPOINTMENTS ANNO-UNCED — Governor Connally selected Pat Taggart of Waco, president of Newspapers, Inc., as a member of Texas State Historical Survey Committee to succeed Sam Pruitt of Childress for an unexpired term until January 1.

New members of the State Board of Vocational Nurse Examiners are Miss Hedwig Pus-tejovsky of Houston, Mrs. Jimmie L. Morrison of Hico and Mrs. Naomi Younger of Levelland. Their terms extend until September 7, 1969.

Dr. J. A. Barrington of Wichita Falls and Dr. Claude Willey of El Paso were named to six-year terms on the State Board of Veterinary Medical Examiners. They succeed Dr. John McCoy of Paris and Dr. Edward Dwele of Alice.

Kirby Hillin of Dallas and Virgil A. Walston of Houston succeed W. J. Burkhart of Dallas and Kenneth Nelson of Dill-boll to six-year terms on the State Board of Registration for Public Surveyors.

Allen Searight, community coordinators for Texas Industrial Commission, has accepted a job as executive director of Texas Historical Foundation. Larry Milner, San Angelo, will take over Searight's duties with the Industrial Commission on August 15.

LOBBYISTS — Texas legislative leaders, who have been the target of many lobbyists, have turned lobbyists themselves.

Lt. Gov. Preston Smith, Speaker Byron Tunnell and Sen. George Moffett, chairman of the Legislative Council's redistricting committee, have been lobbying in Washington for passage of federal laws to clarify the congressional and legislative redistricting situation.

Moffett wants Congress to say that a state may have as much as 15 per cent variation from the average population in its Congressional districts. He

and Smith also spoke in favor of the proposed amendment to the U. S. Constitution which would allow the states to set up one house of their legislatures on a basis other than population.

ATTORNEY GENERAL OPINIONS — Atty. Gen. Waggoner Carr has ruled that:

A county commissioners court may decide whether or not it shall appoint county hospital managers with overlapping terms;

A county attorney has the duty of filing suits for foreclosure of the State's lien for delinquent inheritance taxes;

District courts in that county have jurisdiction of these suits even in those instances in which property formerly belonging to a decedent is not within the county, so long as it is within the jurisdiction of this state.

When the days
are hot you
probably use
more electricity

Certainly you do, that's because your air conditioning system is working harder, your refrigerator is working harder and all of your other electric appliances are performing tasks which, without them, you would have to do. Let's face it---there's no substitute for all the comfort and convenience that electricity can give. Besides, the average WTU residential customer is paying an average of 17% less per KWH than in 1953---isn't that a happy thought?

Electricity costs so little you can use lots of it.

KEEPING UP TO DATE - - -

By Mrs. Mary Y. Newberry
Jones County Home Demonstration Agent,

FROZEN FISH

Frozen fish needn't be thawed before cooking — just allow a few extra minutes of cooking time, says Mrs. Mary Y. Newberry, Jones County Home Demonstration Agent.

However, when fish are to be either breaded or fried, or stuffed, you will find it more convenient to thaw them first to make handling easier. Thaw frozen fish in the refrigerator in their original wrappings.

Cook thawed fish immediately for best quality. Be sure you do not overcook it. Cook fish just until it flakes easily with a fork.

NO MORE PLATES AND WEIGHTS

Here is a modern tip for making old-fashioned sauerkraut. There are some women

who still like to make their own sauerkraut.

When making sauerkraut, use a plastic bag filled with water as a cover for the cabbage during fermentation.

The bag, which should be made of heavyweight, water-tight plastic intended for use with foods, will fit snugly against the cabbage and against the sides of the container. The bag of water can be closed securely with a string. It does the same thing as the plate and rock Grandma used to use. It seals the surface from exposure to air and prevents the growth of film yeast and mold. It also serves as a weight to keep the cabbage submerged in the brine.

FREEZER FACTS

Where you put your freezer makes a difference in how well it operates, how convenient it is, and how much it costs to run it.

The most logical place for a freezer is the kitchen, utility room, porch or basement. But are these always the best places?

According to Mrs. Mary Y. Newberry, Jones County Home Demonstration agent, a freezer should be located in a cool, dry, well ventilated area out of direct sunlight.

It should never be placed where the temperature falls below 40 degrees F. Or, in a room that is especially hot in the summer or heavily heated in winter. Too hot a spot can add 15 per cent to the cost of operating the freezer.

Also, Mrs. Newberry warns against placing a freezer in a niche in the wall or in a place with cabinets on three sides. There must be ample space at the back, top and sides so air can circulate around the cabinet, she says. Circulation is necessary for the escape of heat given off by the condenser.

A dry basement is a good place for a freezer. But in a damp basement — even if there is no flooding the dampness may harm the motor or cause the cabinet to sweat and the doors or lid to stick.

Call your news to the Herald.

Mr. and Mrs. Waver Nodak and family of Arlington, Va., visited in the home of Mr. and Mrs. Bob Tegart Tuesday. Mr. Nodak is a former minister of the Church of Christ here. TEXAS TOURIST BUSINESS IS BRISK, SHOWING INCREASE

AUSTIN, Tex. — Business is brisk at tourist attractions across the state, a mid-year survey by the Texas Tourist Development Agency has disclosed. And it is expected to get even better during the last half of the year when most Americans vacation.

Attendance records for the first six months of 1964 show an increase of 15 percent over the same period last year.

A breakdown of the figures reveals that, although Texans themselves still account for most of the business, an increasing number of out-of-state visitors are discovering the state's appeal.

In fact, gains ranging from three to eight per cent in non-Texas business were reported. At least one said more than half its customers are now coming from other states.

Included in the study were 16 attractions, among them six state parks selected for their geographic distribution across the state.

Together they reported serving 10,123,359 persons, an increase of 1,518,503 in comparison with the first half of 1963.

Largest single increase was reported at Lake Tawakoni by the Sabine River Authority. That northeast Texas attraction, still relatively new, drew 1,040,000 during the first half of the year — an increase of 77 per cent over the same period last year.

In contrast, giant Lake Texoma on the Texas-Oklahoma border, grew only .02 per cent in attendance during the same period. But it still attracted 3,396,100 visitors, said the U. S. Corps of Engineers, to lead the list in total numbers.

"Business is better too this summer, particularly in regard to gross dollars," said the Lake Texoma Association.

Among the leaders was Six Flags Over Texas, the theme park between Dallas and Fort Worth, with a six-month attendance of 1,035,102. The increase was 25 per cent above last year.

Six Flags also reported an 8 per cent gain in out-of-state visitors. Officials noted that non-Texans accounted for 30 percent of total business in the state.

General theme will be "The American Woman — Her Changing Image". Principal speaker will be Director John E. Hutchison of the Agricultural Extension Service at Texas A and M University. His subject will be "The Leadership of Women in Citizenship Areas".

An election of officers is slated. To be named for two-year terms are a president, vice president, secretary and treasurer. They will be installed during a banquet ceremony the final night.

Workshop sessions are planned by the standing committee of THDA. These are in the fields of health and safety, civil defense, citizenship, recreation, 4-H Club work and family life.

A new program of work for the 32,000-member organization also is slated for discussion and adoption.

Home demonstration work, increasingly called home economics Extension work in many states, is an adult education program in better homemaking.

More than 800 key home demonstration leaders of the state are expected to register for the meeting at the Rice Hotel, according to Mrs. Mary Y. Newberry, Jones County Home Demonstration Agent.

TRAVEL TALK—

SEE PARIS IN THE SPRING, OR ANY TIME, BUT SEE IT!

By Hulin Fowler

Editor's note: Write to Mr. Fowler in care of this newspaper for answers to your travel questions.

There is a saying that everyone has two countries his own and France.

Paris occupies a special spot in the heart of every visitor. It never changes yet it is ever-changing. You see one Paris in the day, and you get an entirely new concept of it at night.

Talk to someone who has been to Paris and you will see a look of pure nostalgia come onto his face as he reminisces about that glorious city.

What is there about Paris? A thousand books could not describe it.

Paris is a stroll through one of the magnificent parks that dot the city or along one of the tree-lined boulevards. Paris is a animated discussion at one of the science sidewalk cafes that are so typical of this ancient Gallic city of kings, royal gaiety and scene of the rise and fall of empires.

On a typical day in Paris you may want to rise early to eat in your room or at a nearby restaurant before seeing the sights. Your breakfast may be "continental" consisting of hot "café au lait" (half hot milk and coffee) and croissants with butter and marmalade.

You will stroll out onto a street already humming with the early morning traffic and hail a passing cab. The ride may be breath-taking in the heavy traffic and your driver may have some words to exchange with another cabbie who brushes past. But French cabbies are good drivers, and he will deliver you safe and sound to your destination—the Eiffel Tower.

A visit to the "Tour Eiffel" will give the visitors a sweeping view of Paris, the meandering river Seine, the astounding boulevards, the parks which dot the city with green islands, and in the distance a historic site that you will want to see close-up, the Basilica of the "Sacré Coeur", on top of the Butte Montmartre. You will see also, on an island in the center of the Seine, the medieval cathedral of Notre Dame which took over

FAIRVIEW NEWS

By MRS. ELMER JOINER

Revival services began Friday night in our church, with Rev. Frank Codington, pastor of Neinda Baptist Church, doing the preaching. Rev. Leverett leading the song services, Linda Goodwin at the piano. So far the good attendance has exceeded our expectations, owing to the fact that the Neinda church had no preaching services Sunday and many of them came to hear their pastor. Since Sunday was the date for the Wilmon reunion and Rev. Codington reported that thirty two people from the church were involved in it, they did not have a supply preacher, those left just came over to Fairview to visit. Was a good sight to see our house even partially filled once more, we urge all visitors to come be with us in our revival.

The weather picture is the same, very hot and very dry, and when we say hot, we mean hot, the sizzling kind. This writer spent the day down Breckenridge way, last Thursday, where we learned later the temperature reached 111 degrees, that was nearly equal to Death Valley in California.

Mr. and Mrs. Doug Ford and little son, Kyle, have been visiting with his parents, Mr. and Mrs. Joe Ford. They live in Truth or Consequences, New Mexico.

Dorothy Gray returned home again last week end to bring Bruce and Barry Johnson to their grandparents, the Winsons Grays and M. G. Johnsons, where they will spend the next three weeks, while their parents are on their vacation out California way.

Mr. and Mrs. T. E. Dixon, Carlsbad, New Mexico, spent Saturday night with his sister, Mr. and Mrs. Elmer Joiner. The Dixons came to attend the Hudson reunion, held in the Cobb Park, in Abilene.

Mr. and Mrs. Winslow Gray went to Anson Friday, where his father E. C. Gray, had surgery that morning, in the Anson General Hospital. He is reported to be recovering very nicely.

Rev. and Mrs. Frank Codington ate lunch with the Fred Rosenbaums Sunday. Afternoon visitors were Mr. and Mrs. H. L. Ford, Spencer and Diane.

We are sorry to report that Mrs. J. E. Bagley, grand mother of Mrs. Leverett, is in the Abilene Hospital, very ill.

Mr. and Mrs. Joe Ford, Mr. and Mrs. H. L. Ford, Nancy, Spencer, Diane and Charles Pearce, Mr. and Mrs. Fred Rosenbaum, Mr. and Mrs. Winslow Gray, all went to the Brownwood Lake, last Tuesday and returned Wednesday. They had a good outing, even though we failed to hear them bragging about the fish they caught.

If Rev. Leverett calls you

and invites you to the revival, then forgets you, don't be surprised. That happened Saturday night, to him. He was leading a song and he stepped down in the audience and whispered to his wife, who took off in a hurry. After the song was over he explained that he had called Mrs. Raleigh Bond, saying they would be by in a few minutes for her, and in the song service he remembered that they had forgotten. The little daughters being dumped so hurriedly they thought mama had abandoned them, so Kristy studied about it a while and started crying. Kimmy across the way, started crying in sympathy with her, so we all had quite a bit of fun over the incident, but Rev. Leverett says he has written down all those he has promised to pick up and attached it to his Bible. A few laughs as you go along, are the spice of life, if it is a little embarrassing.

ing on those involved, sometimes.

Mrs. Elmer Joiner spent last Friday morning with Mrs. Lois Hampton, in the Abilene Hospital. Mrs. Hampton was able to be up in a wheel chair, for a little ride down the hall.

It has been learned this Monday morning that Mrs. Hampton was transferred Saturday afternoon from Hendrick Hospital to a nursing home, situated south of Abilene, on the Ballinger highway. Her general condition has improved but owing to the result of the stroke, for the present time, she will require constant nursing care.

Mrs. A. S. McKneely of Longview is here visiting her sister and family, Mr. and Mrs. Bob Tegart. She is also visiting her mother, Mrs. S. H. Shook.

OLD GLORY ...

By Judy White
Mrs. Travis Bell left Monday, August 3, to visit her son and his family, the Billy Bell's, at Sparks, Nevada.

A group of relatives and friends visited in the home of Mr. and Mrs. W. G. Wienke last Sunday to honor Mrs. Wienke on her 86th birthday. Those calling were Mr. and Mrs. Ben Klump, Mr. and Mrs. Herbert Klump, Mr. and Mrs. G. F. Spitzer and Weldon, Mrs. Adele Dudenising, Mrs. Katie Gerloff, Mrs. Tille Dippel and Judy White, all of Old Glory, and Rev. and Mrs. Fred Scheffel, Mr. and Mrs. August Balzer, and Mr. and Mrs. Will Stegmoeller all of Sagertin.

Young people from here who attended the Lutheran Camp Chrysalis at Kerrville last week were Nancy and Marvin Vahlenkamp, Mike Baldree, Linda and Clifford Gholson.

While at the Camp Nancy Vahlenkamp was stung by a wasp and was hospitalized in Kerrville. Her parents, Mr. and Mrs. Herbert Vahlenkamp went after her on Monday.

Donna Jean Pearce who was in the Haskell County Hospital for several days, was released on Thursday of last week.

Stephanie Letz, who underwent an appendectomy on Sunday, August 2, was still in the hospital at Haskell when this was written, but is improving and will be coming home soon.

4-H
The Old Glory Girls 4-H Club met on Tuesday, July 21, at the School Cafeteria. The group made plans for a meeting to elect officers for next year and Carolyn Sander, club president, reminded members that August 12 was the date record books were due.

Regina Letz gave a very timely demonstration on meal planning and told the group how to dress up their dishes to tempt appetites in hot weather.

Mr. and Mrs. R. D. Robinson, Sr. have announced the engagement of their daughter, Nancy Catherine, to John Ray Terrell of Waco.

The couple will be married on Wednesday, August 15, in the Aspermont Church of Christ.

The bride graduated from Old Glory High School in 1962 and attended Draughtons Business School.

The groom is the son of Ray Terrell of Killeen and Mrs. V. R. Cleghorn of Waco. He is a graduate of El Paso Schools and is presently in the U. S. Navy.

The third homecoming for the Old Glory School will be held on Sunday, September 6, 1964, at the school building. Registration will begin at 9 a.m. in the front entrance hall. Lavender's of Abilene will cater the noon meal and tickets will be \$1.25 per plate. Money for meal reservations should be sent to Mrs. Shirley Smith, Rt. 1, Rule or Mrs. Hazel Letz, Old Glory by the deadline, Aug. 15. Tickets will be mailed and must be presented to the caterers at meal time.

A resident of the Old Glory Community for many years, Mrs. Lina Suter, 92, died Thursday at 2:45 a.m. in Haskell County Hospital after an illness of eight days.

Services were held Friday at 3 p.m. in the Kinney Funeral Home Chapel with the Rev. Clyde Cook, pastor of the Aspermont First Baptist Church officiating. Burel was in the Old Glory Cemetery under direction of Kinney Funeral Home.

Mrs. Suter was born Lina Schroeder in Austin County Dec. 11, 1871. She married Sigfried Suter, Jan. 4, 1896. They moved to Stonewall County in 1905 from Austin County. Mr. Suter died Oct. 5, 1961.

Survivors include two sons, Willie and Adelbert, both of Old Glory; three daughters, Mrs. Martin Letz and Mrs. Louis Spitzer, both of Old Glory, and Mrs. G. L. Nehring of Haskell, seven grandchildren and 10 great-grandchildren.

Mr. V. R. Leverett, Supt. of Old Glory School has announced that school will open on Aug. 31. The faculty is complete except for the math teacher. Mr. Charles Beason who taught math here last year resigned recently.

Comanche Reunion
The Fifteenth annual Comanche County reunion will be held in McKinzie State Park in Lubbock August 23, the fourth Sunday.

A basket lunch will be served at 12:30 p.m. Everyone is invited to come and bring their lunch.
